CUSTOM HVAC EQUIPMENT SPECIALISTS

770-751-0850
770-751-0070 Fax
hillcompany.com

ACOUSTIFLO

Modular fan array systems, FEG and AMCA certified, direct drive, high efficiency, low operating sound levels.

www.acoustiflo.com

AIR WISE

DOAS and ERU units, custom AHU's up to 200,000 CFM. Direct and indirect gas heating, DX cooling, heat recovery and controls. High-efficiency pool dehumidification units. Knockdown kits for easy install & replacement. Natatorium units.

www.airwisesales.com

AIRTHERM

Hydronic fan coil units, vertical stacks, hydronic heating units.

www.airthermhvac.com

CHICAGO BLOWER

Vane axial controllable or fixed pitch, panel fans, plenum fans, DWDI fans, SWSI fans, FRP fans.

www.chicagoblower.com

CLIMATEWORX

Computer room and mission critical air conditioners. Packaged and split systems. Vertical floor mount, wall mount, ceiling mount, and plenum fan units.

www.climateworxinternational.com

DISTECH

Standalone and networked controllers customized for the equipment with application specific programming. Support of all major open protocols.

www.distech-controls.com

DRY SOLUTIONS INC.

Low humidity packaged active desiccant systems, makeup air units, custom AHU's, low dew point applications. Food processing, surgical suite, and operating room units.

www.drysolutionsinc.com

FLEX AIR

Custom AHU's for hospital, clean room and pharmaceutical applications; rotary heat wheel and desiccant wheel dehumidification units; sprayed coil units; welded floors. Thermal break and low leakage casing construction. All aluminum units. Air handlers up to 150,000 CFM. Factory installed pumps and switchgear.

www.flexairmi.com

FLOAIRE

2-60 ton DOAS units and ERU units with heat wheels. Variable speed compressors, 2 inch injected foam insulation and hot has reheat. Expedited lead times from 2.5 weeks to 6 weeks. Five year warranty with complete factory startup.

www.floaire.com

JETSON

Water-cooled, air-cooled and modular chillers. Variable speed chillers. Heat recovery chillers. Water cooled and air cooled condensing units.

www.jetsonhvac.com

KLINGENBURG

Energy recovery wheels and cassettes for sensible and total energy recovery. Fixed plate heat exchangers. High temperature energy recovery wheels.

www.klingenburg-usa.com

PHOENIX AIR SYSTEMS

Hygienic air handlers. High filtration and UVC lights for sanitary food processing applications. Wash down clean-up cycle reduces cleaned room drying time. Washable interior for sanitary operation.

www.phoenixairsystems.com

PLASTICAIR

Wet scrubbers, chrome scrubbers, mist eliminators, scrubber fume hoods, corrosion-resistant exhaust fans. SKYPLUME high plume dilution exhaust systems.

www.plasticair.com

RAE COILS

DX coils, Water or glycol coils, Industrial coils, insulated case coils, steam coils, booster coils, condenser coils.

www.rae-coils.com

RAPID

Direct-fired, indirect-fired, electric, steam/hot water heating and makeup air systems from 2,000 CFM to 150,000 CFM.

www.rapidengineering.com

RECOSWIM

Natatorium environmental dehumidification systems. Optional crossflow recuperator and outside air ventilation priority.

www.recoswim.com

STERIL-AIRE

Full line of UVC emitters for commercial and unitary applications including AHU's, built up coil systems and unitary terminal units.

www.steril-aire.com

TECHNICAL SYSTEMS

DX, chilled water, steam and hot water coils, fluid coolers, air-cooled condensing units, medical chillers, air and water-cooled rotary screw chillers, water-to-water heat pumps, air-to-water heat pumps, packaged mechanical equipment rooms.

www.technical-systems.com

THERMADUCT

Thermaduct and Thermanound: pre-insulated, vinyl-clad rectangular and round outdoor duct, Inspiral pre-insulated low-leakage round indoor duct, Floval pre-insulated low-leakage flat oval indoor duct.

www.thermaduct.com

ZEHNDER-RITTLING

Radiant panel heating and cooling systems, cabinet heaters, unit heaters, convectors, and finned tube radiation.

www.zehnder-rittling.com
